

Recommendations by the Senate Interim Committee
on Long-term Care Facilities – 12/29/2016

Recommendations for discussion:

1. Differentiate application service area from 15-mile radius overall to 5-mile radius for urban areas and 15-mile radius for rural areas and take population into account.
3. Transfer the long-term care need methodologies from rule to statute, correct the rate used, and add an occupancy minimum requirement. Adjust age requirements for inclusion in determining need for CON certificate.
4. Establish in statute a minimum occupancy criteria for the long-term care need.
